Summary

Fullstack Developer with a focus on building high-performance, pixel-perfect web applications using the React ecosystem. Proven track record in bridging the gap between complex UI/UX designs and scalable frontend architectures. Expert in Next.js, TypeScript, and Node.js, with a specialized focus on Developer Experience (DX) and building reusable component libraries that accelerate delivery timelines.

Core Stack: Next.js, TypeScript, Node.js, Express.js, Go, TailwindCSS, Astro, ChakraUI.
